

# Betterplanning

OUTCOMES

*Improving Tasmania's Planning System*

The State Government is considering improvements to Tasmania's planning system. The aim is to deliver better planning outcomes for government, industry and the community while protecting the integrity of the sustainable development objectives that underpin the State's Resource Management and Planning System.

## DISCUSSION PAPER

A discussion paper has been prepared to help individuals and organisations to make informed submissions. It addresses each of the key components of the planning system:

- Policy setting and plan making;
- Development assessment;
- Review and enforcement.

Download the discussion paper from the web site on [www.dpiwe.tas.gov.au/betterplanning](http://www.dpiwe.tas.gov.au/betterplanning) or contact Jacki Miller on (03) 6233 2447 for a hard copy.

## GIVING US FEEDBACK

The Department of Primary Industries, Water and Environment invites you to make a submission about improvements to the planning system. Please make your submission by 7 February 2005.

Mail Better Planning Outcomes Project  
GPO Box 44  
HOBART, 7001

Email [betterplanning@dpiwe.tas.gov.au](mailto:betterplanning@dpiwe.tas.gov.au); or

Fax (03) 6236 9744

## WHAT HAPPENS NEXT?

The Department will report back on the feedback received. Your feedback will help us develop a program of initiatives to move forward with. There will be more opportunities for input as these unfold.

## FURTHER INFORMATION
