**Your Submission to the TPC Review:** I write to make a submission to the review of the Tasmanian Planning Commission (TPC). The following are my recommendations:

1. That the TPC must retain its independence from government, and be free from Ministerial influence.
2. That the TPC retain its role in holding public hearings on representations, and report back to the Minister on amendments to draft state policies.
3. That the TPC must retain its existing responsibility to assess major projects of State significance and to provide advice and recommendations to the Minister.
4. That the role of the TPC in assessing and approving projects of State and regional significance through existing processes should not be undermined e.g. through the draft Major Projects Bill.
5. The TPC must retain its function of reviewing National Park and reserve management plans in an independent and transparent manner.
