Subject: Transparency by all political parties about donations
Date: Wednesday, 13 February 2019 9:06:06 PM

If trust from Voters now and in the future is important please ensure transparency of donations becomes law and that major political parties particularly understand why this is more important than short term games which just make voters angry frustrated, and close down from valuing some of the very beneficial work done by politicians.
Its hard to keep that hope and trust alive at the moment for politicians and secret agendas.
