**Your Submission to the TPC Review:** I would like to see the TPC independent of government and able to function free of Ministerial influence. It should be seen to be independent by the public, and retain its existing role to report to the Minister for Planning regarding Draft Tasmanian Planning Polices. The government should restore the role of the TPC as the body responsible for making planning scheme controls and amendments by making the TPC the decision-maker for State Planning Provisions and removing Ministerial oversight for Local Provisions Schedules. This would provide the TPC with an important role in ensuring responsibility for planning policy. Furthermore it is imperative that the TPC be fully and adequately funded to carry out its work in the making of good planning policy which benefits all Tasmanians.
