**Your Submission to the TPC Review:** Dear Sir/Madam,

I write to express my concerns about the 'Major Projects Bill' and the threat it presents to the independent Tasmanian Planning Commission. This Bill will grant Federal Government full control over another States planning, while taking away more power from the local communities.

This Bill is highly illogical and a step in the wrong direction! Proactive legislation should grant the citizenry more say about what projects get built in their own communities, not take it away.

The TPC at least keeps planning matters local, and fosters a dialogue with the community about projects and listens to their concerns.

A better solution to prevent political lobbying on major project planning would be to write a Bill that forbids political lobbying altogether, and gives the lions share of decision making to the local people.

Sincerely,  
Matt
