Name: Dennis O'Donnell

Your Submission to the TPC Review: I am writing to make a submission to the review of the Tasmanian Planning Commission. Please see my list of recommendations below.

**INDEPENDENCE OF THE TPC MUST BE MAINTAINED, BROADENED AND STRENGTHENED
RECOMMENDATIONS**

- The TPC must retain its role as an independent decision maker and advisor, and its capacity to perform its current functions independently of government.
- The TPC's power to act independently of the government should be expanded. The TPC should be given the power to make and amend the Tasmanian Planning Scheme.
- The TPC's governance should be free from Ministerial influence, and no changes should be made that undermine the independent operation of the TPC, or the public perception thereof. We need less centralized decision making and more accountability, not the other way around.

**THE TPC MUST MAINTAIN ITS FUNCTION IN POLICY DEVELOPMENT
RECOMMENDATIONS**

The TPC must:

- Retain its existing role to review and hold hearings on representations, and report to the Minister on draft State Policies and amendments.
- Retain its existing role to report to the Minister for Planning regarding Draft Tasmanian Planning Policies and to amend any planning scheme to be consistent with those policies.
- Restore its role as the body responsible for making planning scheme controls and amendments by making the TPC the decision-maker for State Planning Provisions and removing Ministerial overview for Local Provisions Schedules. This would provide the TPC with an important role in influencing planning policy. There is no place for politics in the planning process.

**THE TPC SHOULD DEVELOP TASMANIA'S REGIONAL LAND USE STRATEGIES
RECOMMENDATIONS**

- Legislation should be changed to give the TPC the responsibility to develop, amend and approve Regional Land Use Strategies with public notice and hearings.

**THE TPC MUST MAINTAIN ITS FUNCTION OF ASSESSING PROJECTS OF STATE AND REGIONAL SIGNIFICANCE
RECOMMENDATIONS**

- The TPC must retain its existing responsibility to assess projects of State significance, and to provide advice and recommendations to the Minister.
- The role of the TPC in assessing and approving projects of State and regional significance through existing processes should not be undermined e.g. through the draft Major Projects Bill.

**THE TPC MUST RETAIN ITS FUNCTION OF REVIEWING NATIONAL PARK AND RESERVE MANAGEMENT PLANS
RECOMMENDATIONS**

- Retain the TPC's role in independently and transparently reviewing reserve management plans, and amend and legislation to clarify that the TPC may make recommendations for changes to reserve management plans.

**STATE OF THE ENVIRONMENT REPORTING SHOULD REMAIN WITH THE TPC
RECOMMENDATIONS**

- The problems with State of the Environment (SoE) reporting identified by the TPC in

2013 (and reconfirmed in 2018) should be addressed and the TPC should continue to produce SoE reports each five years. These reports are vital for a range of reasons, including informing good planning. Independent overview of environmental issues has never been more important. 'Politics' (aka self-interest) is in danger of overtaking evidence-based decision-making, at all governmental levels.

**THE TPC MUST BE PROPERLY FUNDED
RECOMMENDATION**

- Provide adequate and continuing funding to the TPC to allow it to carry out existing statutory roles, including the State of Environment Report and new State Policies.
