Name: Inge Kaiser

Your Submission to the TPC Review: This 'Tasmanian Major Projects Bill Draft' is deeply undemocratic and needs to be opposed and rejected.

Any legislation that avoids public input and by-passes the permission of the elected representatives of the people, the local Councils, should never come into being.

If this legislation will be put into place we will loose our democratic right to decide about any future larger scale planning matters.

So called Major Projects have major impacts on our wilderness, our rural and urban environment and our quality of life.

Democracy is a fragile system and we have to be vigilant to recognize any attempt of power hungry minorities to undermine and eventually might dismantle our so highly valued democracy.

Please see the writing on the wall here, as history repeated itself many times before.
