Subject: Form Submission - TPC Review
Date: Thursday, 7 May 2020 3:30:45 PM

Name: Diana Nunn

Your Submission to the TPC Review: I am creating this submission because I believe the TPC must remain independent of the Tasmanian Government and hence the influence of which ever politicians form that Government. It would be beneficial if the powers of the commission were broadened to allow it to make/amend the Tasmanian Planning Scheme. It seems the TPS can be influenced by the Minister.

The TPS should be independent and maintain its role in policy development recommendations. The TPC should develop Tasmania's Land Use Strategies recommendations, ie TPC via legislation should be given the responsibility to develop, amend and approve Regional Land Use Strategies with public notice and hearings. Projects of State and Regional significance, National Parks and Managed Reserves Plans, should be transparently assessed/reviewed by the TPC.

To do this important work, the TPC needs to be properly funded.

For the good of future generations, please consider.
