Date: Thursday, 14 May 2020 5:31:59 PM

Name: Marcia Breen

Your Submission to the TPC Review: Thank you for seeking submissions in response to the review of the Tasmanian Planning Commission. Please see my list of recommendations below.

Tasmania is unique in the world and has not been over developed, this is our time to shine. Visitors want to see our pristine environment, not more development, which quite frankly is a cancer on the planet.

In order to properly represent the people of Tasmania, THE TPC MUST HAVE ITS INDEPENDENCE MAINTAINED, BROADENED AND STRENGTHENED

RECOMMENDATIONS

The TPC must retain its capacity to perform its current functions independently of government.

The TPC's power to act independently of the government should be expanded. The TPC should be given the power to make and amend the Tasmanian Planning Scheme.

The TPC's governance should be free from Ministerial and influence from commercial lobbyists, and no changes should be made that undermine the public perception of the independent operation of the TPC.

THE TPC MUST MAINTAIN ITS FUNCTION IN POLICY DEVELOPMENT

RECOMMENDATIONS

The TPC must:

Retain its existing role to review and hold hearings on representations, and report to the Minister on draft State Policies and amendments.

Retain its existing role to report to the Minister for Planning regarding Draft Tasmanian Planning Polices and to amend any planning scheme to be consistent with a those policies.

Restore its role as the body responsible for making planning scheme controls and amendments by making the TPC the decision-maker for State Planning Provisions and removing Ministerial oversight for Local Provisions Schedules. This would provide the TPC with an important role in influencing planning policy.

THE TPC SHOULD DEVELOP TASMANIA'S REGIONAL LAND USE STRATEGIES
RECOMMENDATIONS

Legislation should be changed to give the TPC the responsibility to develop, amend and approve Regional Land Use Strategies with public notice and hearings.

THE TPC MUST MAINTAIN ITS FUNCTION OF ASSESSING PROJECTS OF STATE AND REGIONAL SIGNIFICANCE
RECOMMENDATIONS

The TPC must retain its existing responsibility to assess projects of State significance e.g. major projects like Gunns Pulp Mill and Ralphs Bay, and to provide advice and recommendations to the Minister.

The role of the TPC in assessing and approving projects of State and regional significance through existing processes should not be undermined e.g. through the draft Major Projects Bill.

**THE TPC MUST RETAIN ITS FUNCTION OF REVIEWING NATIONAL PARK AND RESERVE MANAGEMENT PLANS
RECOMMENDATIONS**

The TPC's role in independently and transparently reviewing reserve management plans must be retained and legislation should be amended to clarify that the TPC may make recommendations for changes to reserve management plans.

**STATE OF THE ENVIRONMENT REPORTING SHOULD REMAIN WITH THE TPC
RECOMMENDATIONS**

The problems with State of the Environment (SoE) reporting identified by the TPC in 2013 (and reconfirmed in 2018) should be addressed and the TPC should continue to produce SoE reports each five years. These reports are vital for a range of reasons, including informing good planning.

**THE TPC MUST BE PROPERLY FUNDED
RECOMMENDATIONS**

Properly fund the TPC to allow it to carry out existing statutory roles, including the State of Environment Report and new State Policies.

Please respect your constituents.

Sincerely
Marcia Breen
