**Your Submission to the TPC Review:** The TPC must retain its capacity to perform its current functions independently of government. The TPC must retain its existing responsibility to assess projects of State significance e.g. major projects like Gunns Pulp Mill and Ralphs Bay, and to provide advice and recommendations to the Minister.

The role of the TPC in assessing and approving projects of State and regional significance through existing processes should not be undermined e.g. through the draft Major Projects Bill.

The TPC's role in independently and transparently reviewing reserve management plans must be retained and legislation should be amended to clarify that the TPC may make recommendations for changes to reserve management plans.
