Subject: Submission against proposed Workplaces (Protection from Protesters) Amendment Bill 2021

To whom it may concern,

I would like to express my upmost opposition to the proposed Workplaces (Protection from Protesters) Amendment Bill 2021. As someone who has been heavily involved in organising many protests where we make sure that we are doing everything completely legally and safely i think these proposed laws are fundamentally wrong and are taking away the democratic right to protest. I have only just turned 18 and before this protest was the only way I had to express my views. If these laws pass it will make it practically impossible for volunteer groups to organise legal protests as the hoops that will have to be jumped through are completely unmanageable especially for organisations where the organisers are students or workers. I truly hope that the right thing will be done, and this ill-informed plan will be rejected.

Your sincerely Caitlin Ross
