Submission on the Workplaces (Protection from Protesters) Amendment Bill 2019.

The bill should be abandoned because;

If this bill is past it will backfire very very badly indeed.

We live in a Westminster style democracy not a communist style dictatorship where governments can implement laws with impunity.

The Tasmanian Government must reflect society's expectations.

If the real government is " Money" and those that give it to political parties rule by default by having their interests override those of it's citizens we are on a slippery slope towards anarchy.

I trust out elected representatives will reflect on this before doing something that they will regret.

Yours sincerely,
Ian Matthews
