It is absolutely disgusting to think that there are people responsible for the governing of this country want to restrict citizens rights to protest.

Why do you think people are on the streets, locking onto greedy businesses infrastructure, or interrupting government related meetings?

BECAUSE WE WANT CHANGE.

Don't you DARE take away my rights as a citizen of this country to speak freely in public and act in a way that is non-violent, to let society, businesses and the government know that there are laws that need to be changed and businesses that need to step back.

Tasmania is known as a state that has had some of the most passionate and forward thinking individuals protect its beauty.

PLANET OVER PROFIT.

It is a joke for this country to be considered a democracy when submissions like this are proposed.

Change your mindsets,
